

# Technical Data Sheet

## MELOS<sup>®</sup> EPDM LD

### 1. Physical Properties

	Unit	Typical value	Test method
<b>Specific gravity</b>	g/cm <sup>3</sup>	1.0	DIN 53 479
<b>Hardness</b>	Shore A	60 ± 5	DIN 53 505
<b>Colour stability</b>	grey scale	5 - 4*	DIN 54 001
<b>Bulk density</b>	g/L	450	
<b>Base polymer</b>	Ethylene Propylene Diene Rubber (EPDM)		

\* 5 = no change, 4 = small change

### 2. Available Particle Sizes and Colours

<b>Typical Particle size range:</b>	1 – 3,5 mm
<b>Available colours:</b>	red, different colours on request

The information provided in this document is true and accurate to our current technical knowledge. It may only be viewed as recommendations to our customers and does not imply any binding assurance. Legal binding effects are excluded.
